IAEC 2026 · HOSTED BY AAAE

WITH PERTETA

Appropriate Technologies for *Climate Resilient* Farming

The Asian Association of Agricultural Engineering, together with PERTETA — the Indonesian Society of Agricultural Engineering — convenes researchers, engineers and practitioners from across Asia and beyond to advance farming systems that hold their ground as the climate shifts.

DATES

26–28 Nov 2026

VENUE

Prime Plaza Hotel, Bali

ABSTRACTS DUE

30 July 2026

REGISTRATION

Open now

PUBLICATION

IAEI, Scopus indexed
